## A NEW CONFERENCE TO LIMIT ARMAMENTS

### COOLIDGE IDEA GAINS BRITISH WIDE APROVAL

ENGLISH OFFICIAL CIRCLES  
WELCOME PRESIDENT'S  
SUGGESTION

GREAT BRITAIN MAY BE FIRST  
TO EXPRESS OFFICIAL AP-  
PROVAL

(By United Press)  
London, April 23.—President Coolidge's suggestion of a new conference for limitation of armaments and his endorsement of the Dawes report as a basis for settlement of the reparations problem were received with wholehearted approval in British official circles today.

In view of the labor party's platform urging limitation of air, submarines and land forces and Prime Minister MacDonald's declaration that such limitation is vital to the preservation of world peace, it is considered a foregone conclusion that Great Britain as in the case of the Washington conference, will be the first nation to express official approval of Mr. Coolidge's suggestions.

### CAPT. GUY A. EATON DIED IN DULUTH

(By United Press)  
Duluth, April 23.—Captain Guy A. Eaton, 53, commander of the Minnesota naval militia and of the United States naval reserve forces of Minnesota, North and South Dakota, died at the hospital here this morning.

During the war, Captain Eaton was in command of the battleship Iowa. He had been a resident of Duluth since 1899 and at one time served as postmaster here.

Adjutant General W. F. Rhinow left for the Zenith City at noon to complete arrangements. The hour has been set for 1 p. m. Friday. In the meantime, the body will lie in state at the Duluth armory.

Governor Preus and other high state officials will attend the funeral. The governor wired condolences to Mrs. Eaton this morning. He praised Captain Eaton as the most distinguished naval man Minnesota ever produced.

### ARMY DIRIGIBLE IN ELECTRICAL STORM

(By United Press)  
Belleville, Ill., April 23.—The army dirigible T C 3 returned to Scott flying field here at 7 a. m. today.

The fliers ran into a severe electrical storm in North Texas after leaving Muskogee, Oklahoma late yesterday and flew home instead of continuing their scheduled journey to San Antonio.

The flight to San Antonio will be made later, it was said.

### OPENING MANY ROAD BIDS

WORK SCATTERED THROUGH  
STATE CALLS FOR \$1,300,-  
000 EXPENDITURES

St. Paul, April 23.—State Highway Commissioner Babcock opened bids yesterday on highway improvements estimated at near \$1,300,000.

The work to be done is scattered through the state and includes 165 miles of grading, two miles of paving, 20 new bridges and improvement of 10 old bridges.

Winning bidders will be announced when bids are tabulated and checked up, in a few days. Another letting of bids is planned next month.

A crowd of contractors was at the highway department offices listening to the bids.

## General Pershing is Suggested for Vice President

### SEN. HIRAM JOHNSON LOSES AGAIN; THIS TIME IN NEW JERSEY

(By United Press)  
Trenton, N. J., April 23.—Senator Hiram Johnson lost another round in the presidential campaign Tuesday when New Jersey turned him down four to one in favor of President Coolidge.

The entire delegation of 31 was voted to support the president for the republican nomination despite a campaign waged by the dry forces in the state against two of the Coolidge delegates at large.

The democratic delegates at large are all controlled by Governor George Silzer. While no names were printed on the ballot, many of the voters wrote in the name of Governor Al Smith of New York as their choice for the democratic nomination.

### GOV. PINCHOT AND HIS ISSUE SNOWED UNDER

PINCHOT ISSUE OF LIQUOR LAW  
ENFORCEMENT WAS DE-  
FEATED

GOVERNOR ALSO FAILS OF ELEC-  
TION AS A REPUBLICAN  
DELEGATE

Harrisburg, Pa., April 23.—Governor Pinchot and his issue of liquor law enforcement were snowed under in the Pennsylvania primaries.

Pinchot was defeated for a place on the list of seven republican delegates at large by Ralph B. Strassburger, millionaire owner of the Norristown Herald, who two days ago received the full support of republican organizations in Philadelphia, Allegheny and other large counties.

President Calvin Coolidge is now assured of the solid delegation of 79 votes from the Keystone state at the Cleveland convention.

For the first time in the memory of the oldest elector, Pennsylvania has failed to send its governor to the republican convention of the party whose policies he embraces.

### CLOSES DOOR TO FRENCH HOPES

FRENCH AND JAPANESE TO SUFFER  
HARD KNOCKS, SAYS  
"PERTINAX"

(By United Press)  
Paris, April 23.—President Coolidge's address in New York yesterday closes the door to French hopes for discussion of war debts in connection with the expert's plan for a reparations settlement, in the opinion of authoritative French sources here today.

"Mr. Coolidge's statements mean the total of Germany's debts cannot be reduced, because France must demand twenty-seven billion gold marks additional to be able to pay the United States and England," the Petite Journal said in discussing the address.

French authorities unanimously believed the president's speech will have a definite effect upon development of the experts' plan, because it dispels Europe's constant hope that the United States would consent to a discussion of war debts in connection with her participation in a reparations settlement along the lines laid down in the Dawes report.

Pertinax, well informed political writer, saw the force of domestic political pressure in the president's remarks on the foreign situation, saying: "The United States already has started its presidential campaign battle and it is apparent the Japanese are not the only people who are going to suffer hard knocks as a result."

### SALESMAN DIES IN ROAD MISHAP NEAR ST. CLOUD

EXPLODING GAS TANK ENVELOPED N. P. ENGINE IN  
FLAMES

BODY OF MOTORIST, A. P. SMITH,  
CARRIED ONE HUNDRED  
AND FIFTY FEET

(From St. Cloud Daily Journal  
Press)

A salesman was killed, and members of a train engine crew menaced by liquid fire shortly before noon Tuesday when a west-bound Winnipeg flyer on the Northern Pacific road struck a Ford coupe at the St. Cloud reformatory crossing.

The speeding locomotive carried the burning body of A. P. Smith, 40 years old, Minneapolis salesman, 1400 feet on the engine pilot after the gasoline tank of the wrecked automobile exploded, enveloping the locomotive in a mass of flames. Charles Zemlin, of Minneapolis, the engineer, was burned about the face and hands. R. E. Hammond, road foreman of engineers for the Northern Pacific road, was riding in the locomotive, and escaped being scorched by liquid fire only by falling to the floor of the engine cab. Engineer Zemlin remained at his post, bringing the train to a stop while the fire raged all about him. The gasoline burned itself out quickly, and none of the coaches became inflamed. The train contained seven cars.

Became Confused

Smith, a salesman for the Duluth Plumbing Supply company, was driving toward St. Cloud on the Jefferson paved highway. He turned onto the reformatory road when the train, speeding at a 50-mile-an-hour clip, was a hundred yards from the crossing. Witnesses said that Smith became confused, slowing his automobile down into about five miles an hour, and going over the crossing slowly, instead of coming to a full stop several feet from the crossing, as was possible.

Is Instantly Killed

The pilot of the locomotive struck the coupe in the center, killing Smith instantly. The twisted automobile wreckage and Smith's body was picked up by the pilot while the exploding coupe gasoline tank enveloped the locomotive in flames. The chassis of the coupe was thrown aside by the locomotive 40 feet from the crossing. The body of Smith was carried on an additional 1,000 feet.

Mr. Hammond leaped from the locomotive when Engineer Zemlin brought it to a stop, and threw water over the burning body of Smith, which still remained on the pilot with a piece of the broken automobile steering wheel gripped in the hands of the dead man.

Local Is Halted

Trainmen dispatched section workers a mile down the tracks on a speeder to halt the Northern Pacific local, which was speeding along several miles in the rear of the flyer, and came to a stop east of the crossing.

Mr. Hammond said that motorists have been warned repeatedly not to cross the tracks at the reformatory private crossing.

Hammond a Witness

"Mr. Smith was going at a moderate speed when he turned off the highway to cross the tracks," Hammond said. "I was watching him from the cab, and noticed that he became confused upon seeing the locomotive approaching. He had time to stop his car, but apparently was unable to gauge the speed of the oncoming train, and tried to get across at a speed of about five miles an hour, and the coupe was struck squarely in the center."

Daughter Lives Here

Mr. Hammond considers the crossing the most dangerous in central Minnesota because a view of the

TAX LEVY ON THEM TOO, SAYS  
SENATOR OSCAR UNDER-  
WOOD

MAKES ATTACK ON THE INSUR-  
ANCE POLICY BILL IN SEN-  
ATE

(By United Press)  
Washington, April 23.—War veterans will have to pay their own bonus in taxes, Senator Oscar Underwood, of Alabama, democratic presidential candidate, declared in the senate today in an attack on the insurance policy bill.

As the costs of the measure will be levied on industries and farming and all gainful occupations, the entire scheme will be against the soldiers it is intended to help, Underwood declared.

"This bonus bill will only add another burden of taxation upon the already overtaxed people and the soldiers in the end will have to pay for it," said Underwood.

### DEFENSE OF TEAPOT DOME LEASES STARTED

Washington, April 23.—Republican members of the senate oil committee today began a defense of the Sinclair and Doheny leases before the committee.

With Jams O. Lewis, Tulsa, Oklahoma petroleum engineer on the stand, Senator Spencer, Missouri, attempted to show that without leasing, Teapot Dome would have been drained of oil by the adjoining Salt Creek wells.

James O. Lewis, oil expert, who made a study of Teapot Dome for the committee last fall, declared that sixty or seventy per cent of the Teapot Dome area was in danger of being drained by the Salt Creek wells and the oil supply seriously impaired.

### MUSCLE SHOALS HARBORS BOYCOTT

Washington, April 23.—Senator Norris of the senate agricultural committee charged today at hearings on Muscle Shoals legislation that merchants in the vicinity of Muscle Shoals were boycotting manufacturers who opposed the Ford offer.

### SENATE RESUMES PROBE OF WHEELER INDICTMENT

Washington, April 23.—The senate investigation of the indictment of Senator Wheeler, Montana, was resumed today when L. V. Beaulieu, Los Angeles attorney, was called on the stand.

Beaulieu was formerly attorney for Gordon Campbell, Montana oil man, who was mentioned in the Wheeler indictment. At the outset Senator Sterling, South Dakota, insisted the witness waive immunity from prosecution but on objection by other committee members, this was not done.

tracks is cut off by buildings, and also because the distance from the paved highway to the crossing over the reformatory road is but 30 feet.

The coroner's office this afternoon was endeavoring to get into communication with relatives of the dead man. The death of Smith is the third traffic fatality in the St. Cloud district this year.

Miss May Smith, a teacher at the Riverview training school, St. Cloud, is a daughter of the victim of the crossing mishap.

### TURNED BANDIT TO PROVIDE FOR UNBORN BABE

CELIA COONEY FACES PENALTY  
TODAY, YOUNG GIRL EN-  
TIRELY UNAFRAID

(By United Press)  
New York, April 23.—Brooklyn's bobbied hair bandit, the snarling girl robber who has admitted more than a dozen holdups, faced her victims today.

Still defiant after her capture in Jacksonville, Fla., the young highway woman, Mrs. Celia Cooney, "went through the showup" in Brooklyn police headquarters while shop keepers and others who gave up their money under her menacing automatic, looked on in an effort to identify her.

Edward Cooney, the bobbied bandit's husband, was compelled to go through a similar program.

Brocklyn, April 23.—Celia Cooney, who became the notorious bobbied hair bandit of Brooklyn to provide for an unborn babe, faced the penalty today, unafraid.

With her husband, a tall unpleasant featured young man who accompanied her on the raids that struck terror in Brooklyn grocery stores, over a period of months, she pleaded guilty to robbery in the first degree.

"It was all over when the baby died," Celia, who was captured at Jacksonville, Fla., whither the couple had fled, said as she entered her plea in a firm voice.

On Tuesday she and young Cooney will be sentenced. They face a prison term of years, probably from 10 to 20.

Scorning the importunate offer of a Hebrew lawyer who sought to thrust himself in the case and enter the plea of temporary insanity on her behalf, the bobbied hair bandit held her head high as she looked Judge Martin squarely in the eyes and said, "We'll face the music." She was still defiant but with a sadness in her dark eyes, reminiscences of the loss of the baby for which, she said, we "went wrong."

The Cooneys were just an average young couple from the Brooklyn streets. At times they visited Coney Island and knew the pleasures of the dances halls and socials. Then Celia knew she was to become a mother, and wanted more for the child than she demanded for herself.

Her street training stood her in good stead. Her hand was steady on the butt of a black automatic, and the driving impulse turned her into a veritable hell cat in action.

Night after night frightened grocers backed away from the ngly muzzle of her automatic while the snarling, cursing bobbied haired girl called for her husband to come in and gather up the spoils. They played for small stakes, a few hundred dollars from the till, and they were off, sometimes leaving an impudent note for police.

Finally the time came for the arrival of the baby, and Celia and her husband left town. They had lead Brooklyn detectives a merry chase for three months. Four other bobbied haired girls were taken into custody alleged to be the bandit, but the hand of the law never fell on Celia's sturdy shoulder.

In Jacksonville the baby came and died and shortly afterwards the detectives who had picked up the trail burst into the small room and found the strangely docile Celia and her husband ready to come back.

Today, after numerous victims had identified her as the bobbied haired bandit, little Mrs. Cooney was sullen and defiant. She wore the seal skin coat described by her victims, her dress and shoes and stockings were of the kind that captures the fancy of the children of the streets.

"We don't want no lawyer," she said when Samuel Liebowitz attempted to

### 25 PERSONS KILLED, MANY HURT, IN SWISS RAILROAD WRECK

(By United Press)  
Geneva, Switzerland, April 23.—Twenty-five persons are dead as a result of the worst railway wreck in years near Bellinzona, according to word here today. Two trains, running at high speed, crashed into each other in the darkness, and many passenger cars were smashed completely. The dead include the engineers of both trains, according to reports here. A dozen or more passengers were injured.

CHICAGO WIFE KILLER ELUDES  
THE CUSTODY OF CHICAGO  
DETECTIVES

HAD STABBED HIS WIFE, CUT  
HER THROAT, GOUGED OUT  
EYES

(By United Press)

Chicago, April 23.—James DeJoy, 27, who confessed to killing his wife, leaped from the third floor of the detective bureau today and landed head first on the concrete pavement. His skull was crushed and he died on the way to a hospital.

DeJoy was being posed for a photograph when he broke away from a detective and dived head first out of the window, taking most of the window with him.

The murder of Mrs. Anne DeJoy, 26, was unusually brutal. The woman was stabbed, her throat cut, her eyes gouged out, and otherwise mutilated.

DeJoy was also known as James Petrucci. He told of how he stabbed and slashed his wife in a forest preserve near the city because, he said, she prepared poor breakfasts for him.

### FORD PARTY TRAVEL IN A NOVEL MANNER

INSEPECTING MINING AND LUM-  
BER INTERESTS IN MICH-  
IGAN

(By United Press)  
Sidnaw, Mich., April 23.—Henry Ford and his official family touring the upper Michigan peninsula, inspecting the automobile manufacturer's mining and lumber interests, are here today where the party will visit Ford's lumber mills at L'Anse, Pequaming, Iron Mountain and also plans an inspection of Ford's Imperial mine at Michtgamme.

The party is traveling in its own special train in a manner unique in upper peninsula railroad circles. A double train crew, each working eight hours, is handling the train. When off duty, the railroad men have their own Pullman cars where they may rest until going on duty again. George McCormack, traveling engineer of the Duluth South Shore railroad, piloting the party over the system, is the only person in the party not in Ford's employ.

The train consists of four private cars and Pullman and dining cars for the crew.

Interpose a plea of not guilty. "I gambled everything for the kid, and now it is gone. Nothing matters."

### PLEADS GUILTY TO ROBBERY

New York, April 23.—Celia Cooney, Brooklyn's bobbied hair bandit, pleaded guilty to robbery in the first degree when arraigned today.

Her husband, Edward Cooney, who accompanied the girl robber in all her exploits, entered the same plea.

MARK A. WOODS 4 YEARS AGO  
HEADED PERSHING FOR  
PRESIDENT CLUB

POLITICAL NEWS FROM OTHER  
STATES AS GATHERED BY  
UNITED PRESS

(By United Press)  
Rochester, Minn., April 23.—The name of General John J. Pershing for vice president will be proposed at the republican national convention in June, Mark A. Woods, Lincoln, Neb., declared.

Woods is a delegate to the convention and four years ago was national chairman of the Pershing for president club. He is here with his wife who is recuperating from an operation.

### "REAL REPUBLICANS" GET OUT A TICKET

Jamestown, North Dak., April 23  
Candidates to oppose the non-partisan league slate in the republican state primary in June were to be chosen here today.

Those meeting in statewide convention today termed themselves "real republicans". They hold that the non-partisan league system in the state has been a failure and will endeavor to put the republican party of North Dakota back into the ranks of the "regulars".

### TEMPORARY CHAIRMAN DEMOCRATIC NAT'L MEET

New York, April 23.—Selection of a temporary chairman for the democratic national convention was postponed by the committee on arrangements meeting here. The election will be some time in May, Cordell Hull, the national chairman announced.

Members of the committee said precautions were being taken in the arrangements so that Madison Square Garden would not be stamped by local democrats during the convention.

### 2 AVIATORS HURT IN ATTEMPTED LANDING

Moundsville, West Virginia, April 23.—Two aviators were hurt severely when their airplane crashed to earth while attempting to land here today.

The fliers were enroute from Washington to Dayton, Ohio.

### AIR TO BE THE BATTLE GROUND

RIVAL PRESIDENTIAL CANDI-  
DATES TO INVOKE AID OF  
RADIO

(By United Press)  
Chicago, April 23.—The air will be the battle ground for the coming presidential election, David Sarnoff, vice-president of the Radio corporation of America, told the Association of Commerce here today.

"And no other event can serve to focus in the minds of the people the great powers in radio," he said.

"For the first time in the history of national conventions, American millions will be able to follow word for word every dramatic phase in the battle of a 'favorite son' for the distinction of being nominated. Radio has made it possible for millions to move to the convention hall."

Sarnoff suggested that owners of radio receiving sets must eventually work out some system to pay for broadcasting service.

Scorning the importunate offer of a Hebrew lawyer who sought to thrust himself in the case and enter the plea of temporary insanity on her behalf, the bobbied hair bandit held her head high as she looked Judge Martin squarely in the eyes and said, "We'll face the music." She was still defiant but with a sadness in her dark eyes, reminiscences of the loss of the baby for which, she said, we "went wrong."

The Cooneys were just an average young couple from the Brooklyn streets. At times they visited Coney Island and knew the pleasures of the dances halls and socials. Then Celia knew she was to become a mother, and wanted more for the child than she demanded for herself.

Her street training stood her in good stead. Her hand was steady on the butt of a black automatic, and the driving impulse turned her into a veritable hell cat in action.

Night after night frightened grocers backed away from the ngly muzzle of her automatic while the snarling, cursing bobbied haired girl called for her husband to come in and gather up the spoils. They played for small stakes, a few hundred dollars from the till, and they were off, sometimes leaving an impudent note for police.

Finally the time came for the arrival of the baby, and Celia and her husband left town. They had led Brooklyn detectives a merry chase for three months. Four other bobbied haired girls were taken into custody alleged to be the bandit, but the hand of the law never fell on Celia's sturdy shoulder.

In Jacksonville the baby came and died and shortly afterwards the detectives who had picked up the trail burst into the small room and found the strangely docile Celia and her husband ready to come back.

Today, after numerous victims had identified her as the bobbied haired bandit, little Mrs. Cooney was sullen and defiant. She wore the seal skin coat described by her victims, her dress and shoes and stockings were of the kind that captures the fancy of the children of the streets.

"We don't want no lawyer," she said when Samuel Liebowitz attempted to

25 PERSONS KILLED,  
MANY HURT, IN SWISS  
RAILROAD WRECK

(By United Press)  
Geneva, Switzerland, April 23.—Twenty-five persons are dead as a result of the worst railway wreck in years near Bellinzona, according to word here today. Two trains, running at high speed, crashed into each other in the darkness, and many passenger cars were smashed completely. The dead include the engineers of both trains, according to reports here. A dozen or more passengers were injured.

CRUSHES SKULL

CHICAGO WIFE KILLER ELUDES  
THE CUSTODY OF CHICAGO  
DETECTIVES

HAD STABBED HIS WIFE, CUT  
HER THROAT, GOUGED OUT  
EYES

(By United Press)

Chicago, April 23.—James DeJoy, 27, who confessed to killing his wife, leaped from the third floor of the detective bureau today and landed head first on the concrete pavement. His skull was crushed and he died on the way to a hospital.

DeJoy was being posed for a photograph when he broke away from a detective and dived head first out of the window, taking most of the window with him.

The murder of Mrs. Anne DeJoy, 26, was unusually brutal. The woman was stabbed, her throat cut, her eyes gouged out, and otherwise mutilated.

DeJoy was also known as James Petrucci. He told of how he stabbed and slashed his wife in a forest preserve near the city because, he said, she prepared poor breakfasts for him.

FORD PARTY TRAVEL  
IN A NOVEL MANNER

INSEPECTING MINING AND LUM-  
BER INTERESTS IN MICH-  
IGAN

(By United Press)

Sidnaw, Mich., April 23.—Henry Ford and his official family touring the upper Michigan peninsula, inspecting the automobile manufacturer's mining and lumber interests, are here today where the party will visit Ford's lumber mills at L'Anse, Pequaming, Iron Mountain and also plan an inspection of Ford's Imperial mine at Michigamme.

The party is traveling on its own special train in a manner unique in upper peninsula railroad circles. A double train crew, each working eight hours, is handling the train. When off duty, the railroad men have their own Pullman cars where they may rest until going on duty again. George McCormack, traveling engineer of the Duluth South Shore railroad, piloting the party over the system, is the only person in the party not in Ford's employ.

The train consists of four private cars and Pullman and dining cars for the crew.

Interpose a plea of not guilty. "I gambled everything for the kid, and now it is gone. Nothing matters."

PLEADS GUILTY  
TO ROBBERY

New York, April 23.—Celia Cooney, Brooklyn's bobbied hair bandit, pleaded guilty to robbery in the first degree when arraigned today.

Her husband, Edward Cooney, who accompanied the girl robber in all her exploits, entered the same plea.

LINCOLN, NEB.  
MAN MAKES AN  
ANNOUNCEMENT

MARK A. WOODS 4 YEARS AGO  
HEADED PERSHING FOR  
PRESIDENT CLUB

POLITICAL NEWS FROM OTHER  
STATES AS GATHERED BY  
UNITED PRESS

(By United Press)

Rochester, Minn., April 23.—The name of General John J. Pershing for vice president will be proposed at the republican national convention in June, Mark A. Woods, Lincoln, Neb., declared.

Woods is a delegate to the convention and four years ago was national chairman of the Pershing for president club. He is here with his wife who is recuperating from an operation.

"REAL REPUBLICANS"  
GET OUT A TICKET

Jamestown, North Dak., April 23 Candidates to oppose the non-partisan league slate in the republican state primary in June were to be chosen here today.

Those meeting in statewide convention today termed themselves "real republicans". They hold that the non-partisan league system in the state has been a failure and will endeavor to put the republican party of North Dakota back into the ranks of the "regulars".

TEMPORARY CHAIRMAN  
DEMOCRATIC NAT'L MEET

New York, April 23.—Selection of a temporary chairman for the democratic national convention was postponed by the committee on arrangements meeting here. The election will be some time in May, Cordell Hull, the national chairman announced.

Members of the committee said precautions were being taken in the arrangements so that Madison Square Garden would not be stamped by local democrats during the convention.

2 AVIATORS HURT IN  
ATTEMPTED LANDING

Moundsville, West Virginia, April 23.—Two aviators were hurt severely when their airplane crashed to earth while attempting to land here today.

The fliers were enroute from Washington to Dayton, Ohio.

AIR TO BE THE  
BATTLE GROUND

RIVAL PRESIDENTIAL CANDI-  
DATES TO INVOKE AID OF  
RADIO

(By United Press)

Chicago, April 23.—The air will be the battle ground for the coming presidential election, David Sarnoff, vice-president of the Radio corporation of America, told the Association of Commerce here today.

"And no other event can serve to focus in the minds of the people the great powers in radio," he said.

"For the first time in the history of American presidential elections, rival presidential candidates will appeal through the forum of the air. For the first time in the history of national conventions, American millions will be able to follow word for word every dramatic phase in the battle of a 'favorite son' for the distinction of being nominated.

Radio has made it possible for millions to move to the convention hall."

Sarnoff suggested that owners of radio receiving sets must eventually work out some system to pay for broadcasting service.

The Corso.

The name Corso is given the principal thoroughfare of Rome, about a mile in length, extending from the Porta del Popolo to the foot of the Capitoline hill. It is lined with shops, palaces and private houses, and is the scene of the festivities of the carnival, which is annually celebrated at Rome, just before the beginning of Lent. Races of riderless horses along the crowded Corso form one of the principal events of the celebration; while the throwing of flowers and confetti from the windows and balconies upon the occupants of carriages in the street below adds much to the merriment of the occasion.

## READER AT THE M. E. CHURCH

Olive Conzet Dahl to be Heard There  
on Tuesday Evening,  
April 29

### COMES HIGHLY RECOMMENDED

Readings Assisted by Methodist  
Choir, Orchestra and  
Specialties

Olive Conzet Dahl, celebrated  
reader, will give several of her best  
readings at the First Methodist  
church on Tuesday evening, April  
29th, at 8:15 o'clock.

Mrs. Dahl comes very highly re-  
commended, both by schools of  
dramatic art and by a number of  
Brainerd people who have heard her  
in recital.

Her readings will be assisted by  
the Methodist choir, orchestra and  
specialties, and promises to be one  
of the most interesting programs of  
the season.

The choir and orchestra are work-  
ing hard to perfect their parts of the  
entertainment, and will offer some  
very fine selections.

The male quartet, under the direc-  
tion of Mrs. A. W. Moulster will con-  
tribute several selections to the pro-  
gram. This quartet is rapidly com-  
ing into the limelight, having taken  
part in several programs locally as  
well as in nearby towns.

Tickets for Tuesday evening's re-  
cital can be secured from any mem-  
ber of the choir or orchestra.

## PRINCE IN PARIS STARTS NEW DANCE; KNEE-SHAKING TROT

Paris, April 18.—The Prince of  
Wales continues his nightly invasion  
of Paris high society and has added  
two Americans to assist him.

They are Mr. and Mrs. Frederick  
Bate, Chicago. Bate is attached to  
the unofficial reparations delegation.

The prince has explored the Mont-  
martre district with Mr. and Mrs.  
Bate. Later the party danced at  
Kiley's dancing palace, a rendezvous  
established here by Reginald Kiley,  
former football star of the Univer-  
sity of Wisconsin.

While dancing the prince inadver-  
tently started a new step which has  
been named the "Prince of Wales  
trot." Owing to a slight eccentric-  
ity the prince while dancing has an  
oscillating right knee. Dancers soon  
attempted to follow the step.

The prince rode for the first time  
Tuesday. He was a guest of Baron  
de Rothschild at a deer hunt in Chan-  
tilly forest.

### DEVELOP YOUR FACE

"There isn't any mystery about  
this," says Lewis E. Theiss in an  
article "What Are You Writing On  
Your Face" in the May issue of Boys'  
Life. "It's a mere matter of muscu-  
lar development, like the develop-  
ment of your arms or legs. Perhaps  
you never thought of it, but you have  
a special set of muscles in your face  
just for producing expression. Around  
your eyes and around your  
mouth and about your chin and  
cheeks are various sets of muscles  
that have practically no use except  
to help you express your emotions.  
If you continually exercise your right  
arm and never your left, you will  
soon be muscularly deformed. The  
arm that is exercised will grow  
stronger and bigger, and one side  
of your body will be larger than the  
other. In the same way the muscles  
of expression that are used most  
grow strongest and give the face its  
cast."

"All boys want to have good bod-  
ies. Every lad would like to be as  
fine physically as Sandow was. Most  
boys are willing to work to achieve  
good bodies, willing to exercise with  
dumbbells or weights or punch the  
bag or run or leap, as the trainer di-  
rects, in order to develop a fine,  
manly, attractive lad."

"If exercising the proper body  
muscles will give you a good body,  
do you not see that exercising the  
face muscles—the proper ones—will  
also give you a good face? If you  
want a good face, you must of course  
exercise the muscles that express  
goodness. By 'goodness' is not  
meant namby-pamby, goody-goody  
state of being, but a real, positive,  
admirable, manly sort of goodness—  
the kind of goodness we all admire.  
You can have just that sort of face  
if you exercise just those muscles.  
They will grow strong and give your  
face a 'good' look."

### MISSIONARY SOCIETY

Of Evangelical Church N. E. Brain-  
erd, to Meet at Home of E. H.  
Wooden

The Woman's Missionary society of  
the Evangelical church of N. E.  
Brainerd will hold their April meet-  
ing at the home of Mr. and Mrs. E.  
H. Wooden, 1007 Sixth Ave., N. E.,  
on Thursday evening, April 24, at 8  
o'clock.

A full business session will precede  
the program of the evening. At this  
session many items of importance to  
each member of this newly organized  
society will be brought up for discus-  
sion. The state convention at South  
Haven will soon be held, so all must  
get ready to give as good a report as  
possible.

The following program will then  
be followed, with the topic: "Moun-  
taineer Work in Kentucky."

Devotional service with Scripture  
lesson—Matt. 6:19-20 and Luke 12:  
16-21.

Hymn.  
Sentence Prayers for Mountaineer  
Work and Missionaries.

"I Believe," Mrs. M. B. Congdon.  
"First Preaching Service at the  
Red Bird Mission at Beverly, Ken-  
tucky."

"Home Life in the Kentucky  
Mountains."

"Visiting Day in the Red Bird."

"Home Life at Knuckles Hall."

"Our Orphans."

"Health Work at Beverly."

"Great Need Supplied."

"Revival and Educational Work on  
Jack's Creek."

"History of the Work at Beverly,  
Kentucky."

Song, "Good News Comes."

There will be posters showing the  
mission buildings and some of the  
workers. All members are urged to  
be present. Visitors are invited and  
welcome. Let all gather in a prayer-  
ful spirit, willing to help and to  
learn of the mission work in the  
Home Land. A silver offering will be  
received.

Benson was squelched. A terrible

Former Brainerd Man Died at Home  
of Sister in Iowa City,  
Iowa

### DEATH FOLLOWED OPERATION

Leaves Son, Walter McComas, a  
Resident of Brain-  
erd

(From Iowa City Press-Citizen)

Clement Leslie McComas, of Lone  
Tree, Iowa, passed away following  
an operation in an Iowa City hospi-  
tal, last week. He would have been  
58 on October 27th, had he been  
spared.

He had been ill since Friday, only  
and underwent an operation for ap-  
pendicitis on Tuesday evening. Com-  
plications developed, and the good  
man was unable to recover.

The remains are at the Harmon  
mortuary where friends may view  
them, until they are taken to Fre-  
mont township. The services will  
be in the nearby Swank cemetery.

Mr. McComas was making his  
home with his sister Mrs. Frank Mc-  
Reynolds in Iowa City, when the end  
came.

He had come back to Johnson  
county from Brainerd, Minn., last  
September, and had resided here  
since then. He was born and reared  
near Lone Tree, and lived there all  
his life, until he went to Brainerd  
about 15 years ago. He was a promi-  
nent and successful farmer, and had  
a large circle of acquaintances and  
friends, not only in Fremont and  
Pleasant Valley township, but  
throughout the county, before and  
his retirement from active tilling of  
the fruitful soil.

By all who knew him, he was re-  
spected and esteemed as a worthy  
citizen. He was a popular member  
of the Eagles and that organization  
mourns him deeply, also.

Surviving are his daughter, Anna,  
of Iowa City; and six sons, Clement,  
Jr., of Cedar Rapids; Walter, of  
Brainerd, Minn.; Donald, Robert,  
and Charles of Iowa City; and Frank  
of Cedar Rapids. Also bereaved are  
his sister, Mrs. Frank McReynolds of  
Iowa City; and three brothers, Al-  
Thomas of Nebraska; Penn, of  
Colorado; and William, of Honolulu, expected in two or three days.

fore Judge J. Willard Martin whose  
name she is alleged to have forged  
to letters. The other photo  
shows the home in West Philadel-  
phia where she lived by day with  
her first husband, Samuel Boswick,  
a carpenter. Her nights after  
her marriage to William C. Martin,  
merchant and banker, were spent  
in his palatial home in the Fox  
Chase district of Philadelphia. She  
alleged that she paid large sums  
of money she obtained from Martin  
to blackmailers who learned of her  
dual existence.

## 7 BALLOONS IN ELIMINATION RACE LEAVE TEXAS

San Antonio, Texas, April 23—  
Seven balloons will take off here at  
5:30 this afternoon in the national  
elimination balloon race.

Ideal weather conditions were pre-  
vailing today. A stiff southeasterly  
wind was blowing, and pilots of the  
big bags said they expected to eclipse  
the American long distance record  
established by Alvin R. Hawley.

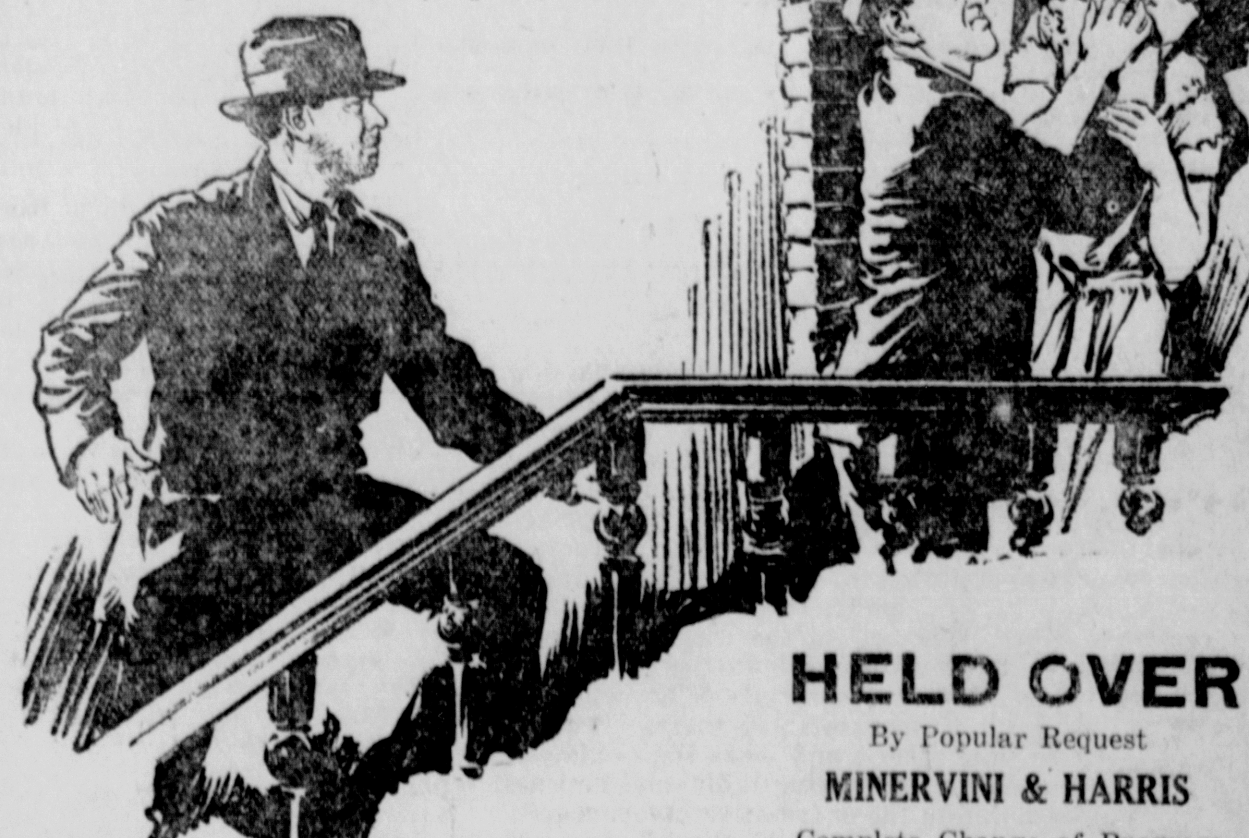

## C. A. LINDBERGH FALLS A VICTIM TO NERVOUS DISORDERS

Rochester, April 23—Charles A.  
Lindbergh, farmer labor candidate  
for governor, in a serious condition  
in Colonel's hospital from nervous  
disorders showed no improvement  
today, according to Dr. A. W. Alden,  
attending him. Mr. Lindbergh went  
through Mayo clinic and physicians  
have been instructed to give out no  
information concerning his condi-  
tion. Dr. Alden, however, stated an  
important announcement, may be  
Colorado; and William, of Honolulu, expected in two or three days.

her first husband, Samuel Boswick,  
a carpenter. Her nights after  
her marriage to William C. Martin,  
merchant and banker, were spent  
in his palatial home in the Fox  
Chase district of Philadelphia. She  
alleged that she paid large sums  
of money she obtained from Martin  
to blackmailers who learned of her  
dual existence.

## 7 BALLOONS IN ELIMINATION RACE LEAVE TEXAS

San Antonio, Texas, April 23—  
Seven balloons will take off here at  
5:30 this afternoon in the national  
elimination balloon race.

Ideal weather conditions were pre-  
vailing today. A stiff southeasterly  
wind was blowing, and pilots of the  
big bags said they expected to eclipse  
the American long distance record  
established by Alvin R. Hawley.

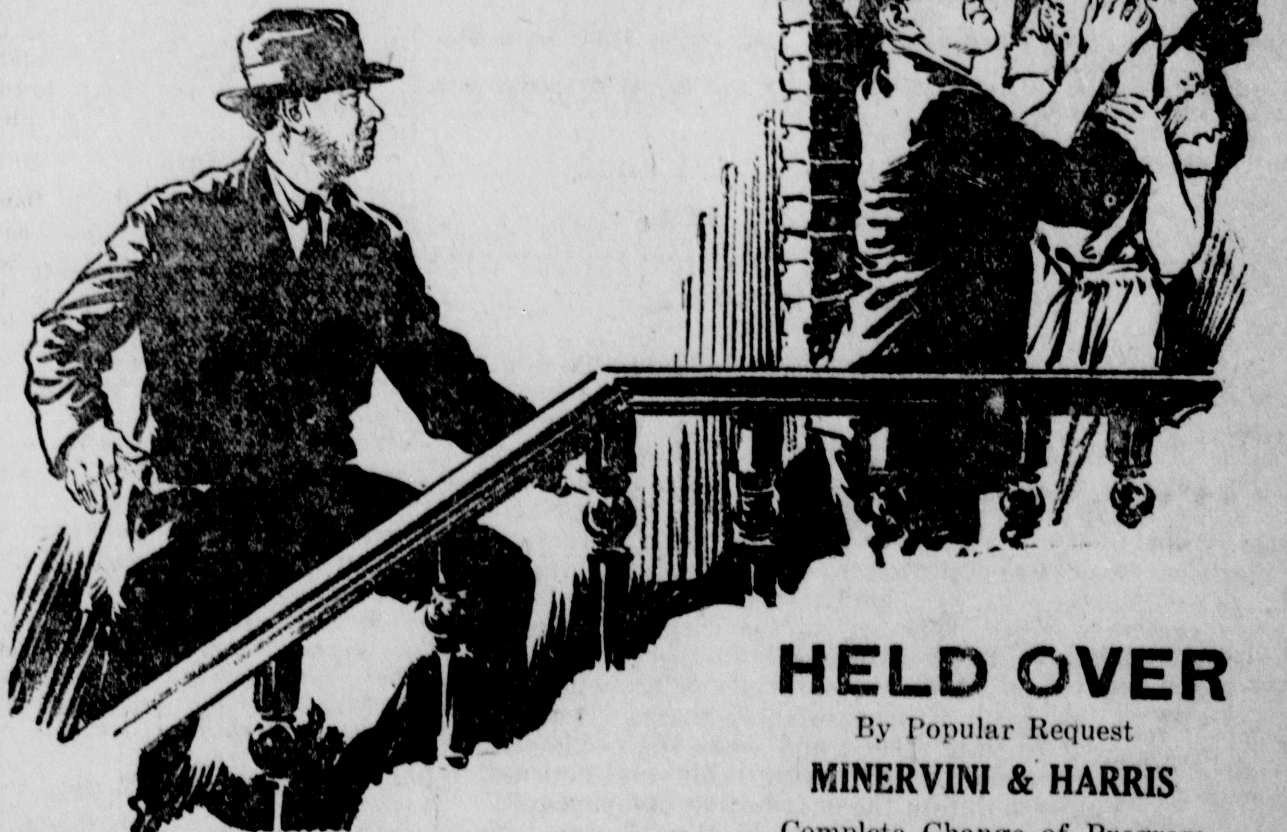

## C. A. LINDBERGH FALLS A VICTIM TO NERVOUS DISORDERS

Rochester, April 23—Charles A.  
Lindbergh, farmer labor candidate  
for governor, in a serious condition  
in Colonel hospital from nervous  
disorders showed no improvement  
today, according to Dr. A. W. Alden,  
attending him. Mr. Lindbergh went  
through Mayo clinic and physicians  
have been instructed to give out no  
information concerning his condi-  
tion. Dr. Alden, however, stated an  
important announcement may be  
made in two or three days.

## THE PRINCIPLE OF SERVICE

THE address of President Coolidge at the annual luncheon of the Associated Press at New York city April 22 carried much food for thought. "The danger to America," said the president, "is not in the direction of the failure to maintain its economic position, but in the direction of the failure to maintain its ideals."

The president then explained true service. "The principle of service is not to be confounded with a weak and impractical sentimentalism. It does not mean that either the individual or the nation is to assume the burdens which ought to be borne by others. It is warranted in considering self to the extent of recognizing that it is justifiable to accumulate and hold the resources which must necessarily be used to serve ourselves, our own household and our own nation. But it does not stop there. It recognizes also the necessity of serving others, and when the need arises for meeting a moral requirement, of making individual and national sacrifices sufficient to maintain the cause of righteousness."

"Some of the recent developments in Washington have revealed the dangers to which I refer in a very dramatic way," continued the president. "Beginning nearly ten years ago our country entered a period when conditions were altogether artificial and abnormal, culminating in the strained and lurid events of our participation in the war. The old standards of action were either suspended or entirely cast aside. Altogether too many of those in a position to do so began to take advantage of the necessities of the situation for their own profit. Finally nearly all of those in responsible positions throughout the entire civilized world had but one main object in view, which was the winning of the war. They began to make almost every consideration and motive subsidiary to that great effort. Totally inconceivable amounts of money were raised and expended with a lavishness which a few months before would have been believed impossible, and which now seems like some wild nightmare. Notwithstanding the great wave of patriotic fervor which swept over the land; notwithstanding the tremendous sacrifices which the people in every walk of life made, and stood ready to make; almost unconsciously these conditions developed, which I mention not for the purpose now to criticize, where the least scrupulous became the greatest gainers and a considerable part of our population was thrown into a morbid financial state of mind, which even the best intentioned did not wholly escape. The desire for profits and more profits kept on increasing, and the quest for easy money became well-nigh universal. All of this meant an attempt to appropriate the belongings of others without rendering a corresponding service."

"This condition began to subside nearly four years ago, but it left along its course a trail of vicious and criminal selfishness which in diminishing degree has ever since been attempting to gratify an appetite grown all the sharper through indulgence, and a general credulity to rumors of large sums of money demanded and paid on account of every conceivable motive and action."

"From all of this sordidness the affairs of government, of course, suffered. In some of it a few public officers were guilty participants. But the wonder is not that this was so much or so many, rather that it has been so little and so few. The encouraging thing at present is the evidence of a well-nigh complete return to normal methods of action, and a sane public opinion. The gravity of guilt of this kind is fully realized and publicly reprobated. There is an exceedingly healthy disposition to uproot it altogether, and administer punishment wherever competent evidence of guilt can be produced. That I am doing and propose to continue."

## THE HOLE IN OUR FOREST POCKETBOOK

PICTURE to yourself a strip of woodland, ten miles wide, extending from New York City to Denver, or an area about a fifth the size of Minnesota and you will have some idea of the area burned over each year by forest fires. In this graphic manner J. A. Mitchell, of the Lake States Experiment Station of St. Paul, pictures the destruction wrought. But the whole damage done is harder to visualize. It has been estimated, however, that the merchantable timber destroyed annually would build enough five-room houses to care for the population of a city the size of Minneapolis, and that it has a stumpage value of approximately \$17,000,000. But this represents only a small part of the loss resulting from forest and woodland fires.

There is also the loss in soil fertility and in the quantity and quality of timber produced. In addition, vast areas of cut-over land are rendered unproductive each year by fire and become a liability to their owners and a burden on the community. Game cover is also destroyed and with it the recreational value of our wild lands for a barren waste offers no attraction to the sportsman or tourist and the menace of fire stands in the way of recreational development. From every angle, therefore, forest fires are to be deplored, a fact that the people of the country are just beginning to realize.

More than a passive recognition of the forest fire evil is needed. Until the public demands that forest fires be eliminated, fires will continue to ravage our forests and take their annual toll of life and property in spite of all the best organized state and federal agencies can do to mitigate this evil. The reason for this is plain, for, of the 33,000 odd forest fires that burn each year over the country, over 90 per cent are man caused and could, therefore, have been prevented.

Carelessness is the chief cause. Less than 15 of the 90 per cent are deliberately set. Of the known causes of forest fires, campers and smokers head the list as the chief offenders, the railroads come next, incendiaries next, brush burners next, lightning next, miscellaneous causes next, and lumbering operations next.

It is evident, therefore, and it behooves every one who uses or visits the woods either for business or pleasure to see to it that they are in no way responsible for fires starting. Furthermore, that they lend their aid and moral support to those who are charged with the responsibility of protecting our forests by seeing to it that others do not start fires and that fires that do start are promptly and effectively extinguished or reported to the nearest fire wardens.

J. A. BENSON has been elected mayor of St. Cloud. He is to be a real St. Cloud mayor, having been born and raised in his home town and with such preparatory experience should be qualified to see that St. Cloud gets the best of everything. Benson also has the honor of being the first ex-service man elected to public office in St. Cloud.

## LITTLE FALLS NOT IN NEW LEAGUE

(From St. Cloud Daily Times)  
Chalk Little Falls off the list. The up-river town, invited to join the Central Minnesota baseball league, has failed to take any action to date. Directors of both the St. Cloud and Sauk Rapids-Sartell clubs have been up at Little Falls several times, explaining the situation, and the manner in which the league is to be run.

According to the directors, Little Falls fans are not even lukewarm on the proposition. They have not even indicated that they were interested. And so the up-river town, with its population of nearly 6,000, will stay out in the cold while the rest of Central Minnesota is engaged in a baseball season that promises to be a good one.

The action of Little Falls is a keen disappointment. The up-river town had been doped as a first class sporting center. It takes a severe stretch of the imagination to look at it that way now.

However, the league will not die just because Little Falls is not to come in. In fact it may get along just as well or better.

Poley is to come into the league for sure, it was indicated today. Poley fans have been working over the proposition for sometime and appear to be all set to inaugurate the season. A meeting of baseball fans in Poley will be held sometime late this week or early next week.

Uniforms for the St. Cloud team have arrived, and will be displayed to fans here soon. The uniforms were the donations of various merchants in the city.

## BILL KAMM COULD IMPROVE BATTING BY CHANGE OF STYLE

Chicago, April 23—Manager John Evers of the Chicago White Sox is hopeful that Bill Kamm will be a much improved batsman this year.

In the field, Kamm was all that was desired last season, but his batting didn't quite come up to expectations.

Kamm, despite the fact that he has a good eye, struck out 82 times last season, only Babe Ruth whiffing more than he did.

"It is my belief that Kamm takes too many good balls. I noticed that the Boston Red Sox pitchers usually

had him in the hole last season," says Evers.

"Kamm is a free swinger, who hits the ball hard when he connects. If he adopted the style of Harry Heilmann of Detroit, cutting at every good ball, it should improve his batting 25 points.

"If I can break Kamm of letting the pitcher get him in the hole by slipping the first one over, I am sure his batting will profit thereby.

"In two years he should be the best all round third baseman in the majors," thinks Evers.

## TWIRLER THROWS BALL TO COACH

Only the kind intervention of the umpire saved Pitcher Bob Hasty of the Philadelphia Athletics from being the victim of a moss-covered trick.

Hasty had just joined the Athletics, and naturally was not wise to the tricks of the trade as practiced in the big leagues. Being congenial, he merely sought to oblige when he fell for Charley O'Leary's scheme.

The Athletics were playing at the Polo grounds, and Hasty, despite his inexperience, was making the going tough for the Yankees. Late in the game, with the bases full and two out and the score close, O'Leary tried to put over his ruse.

As Hasty got on the rubber to pitch, Charley O'Leary, coaching at third for the Yankees, yelled at the pitcher, complaining about the ball and requesting that he throw it over to him so he could look it over.

Hasty stepped off the rubber, dropped his arms to his side, gave the ball the once over and shook his head negatively to let O'Leary know it was all right.

The umpire, believing that possibly the ball was damaged and a new one should be put in play, called time within hearing of the batsman catcher, and was about to request that Hasty throw the ball to him, when O'Leary again made a request that he be allowed to take a peep at the ball.

Hasty, probably peeved that O'Leary refused to take his word that the ball was in good shape, threw the ball at the Yankee coach with great force.

Of course, O'Leary stepped aside and permitted it to roll to the grandstand, the three runners scampering over the plate.

It got a big laugh, but the umpire, having called time, refused to allow the play, sending the runners back to their bases. O'Leary's strategy was wasted.—St. Paul Daily News.

## 108 CHILDREN IN GARDEN CONTEST

Northeast Brainerd Improvement League Sponsoring the Civic Contest

### THE RULES GOVERNING SAME

Seeds Must Be Furnished by Contestants Themselves, Plots to be 10 by 20 Feet

One hundred and eight children are already registered in the gardening contest being sponsored by the Northeast Brainerd Improvement League for the boys and girls of that section of the city.

The garden committee of the League made an interesting report at the regular meeting of that organization on Tuesday evening, and rules were definitely decided upon for the contest.

The closing date for registrations was set at April 30th. Children may register at the Lowell or Garfield schools, or with Mrs. J. H. Herbert, 412 Third avenue. All children peas, verbenas and a bouquet of mixed flowers.

Each contestant will be required to care for a plot 10 feet by 20 feet, or its equivalent. If a vegetable garden is to be raised, potatoes, onions and tomatoes must be grown. If a flower garden is selected, the varieties to be exhibited are sweet peas, verbenas and a bouquet of mixed flowers.

Seeds must be furnished by the contestants themselves, and all the care of the gardens must be done by them. Committees from the League will inspect the plots at intervals during the season, planning to keep in close touch with each contestant.

Prizes will be awarded both for vegetable and flower gardens, three awards for each. The first prize being \$3, the second \$2, and the third \$1.

It is planned to hold the exhibition of the gardening results at Lum park a day or two before the annual county fair, the latter part of August. There will be band concerts and other forms of entertainment, and the prizes will be awarded at that time. Disinterested judges will decide upon the winners.

A number of other matters were brought up at Tuesday evening's meeting of the League, and were disposed of in short order, the meeting adjourning at 9:40 o'clock.

### NEW COOK PROVED EXPENSIVE ONE

St. Paul, April 22—Gus Daltas, proprietor, Empress cafe, 489 Wabasha st., hired a cook Saturday and now wishes he hadn't.

At 4 a. m. yesterday Patrolman Cornelius Enright noticed that although the lights were on, the cafe seemed deserted. He went in, looked around, could find no one, and waited a while for someone to appear.

No one did, so he called central station and officers there got in touch with Mr. Daltas.

He arrived at the cafe a little later to find that not only the cook, but \$275 in cash, two watches, a diamond ring valued at \$200, a ruby stickpin, a \$5 gold piece and a \$2.50 gold piece were missing.

### SUMMER SESSIONS

AT U. OF M. OPEN JUNE 24 AND AUG. 1

Minneapolis, April 21—The University of Minnesota will open 10 colleges for its two annual summer sessions June 24 to July 31 and August 1 to September 5. F. J. Kelly, dean of administration and summer session director, has announced. Registration of between 4,000 and 5,000 students is expected for the combined sessions.

Courses will be offered in the College of Science, Literature and the Arts, in Physical Education and Athletics, College of Engineering and Architecture, Law School, Medical School, College of Dentistry, School of Chemistry, College of Education and the School of Business.

Visiting instructors from colleges and universities in many parts of the United States will add breadth to the point of view during the summer sessions and provide a variety of contacts that will be helpful to the students, Dean Kelly declared.

The usual recreative features, including music recitals, visiting theatrical companies, lectures, and trips to many points of interest will be carried on under the direction of Prof. Irving W. Jones of Beloit, who will return to Minnesota for the third season as associate director in charge of recreation.

During the summer sessions all facilities at University Farm are

### ASYLUM DOORS SWING OPEN FOR HARRY K. THAW

AFTER SEVEN YEARS IN MADHOUSE, MAY SOON BE FREED

JURY OUT SEVEN HOURS, RETURNS VERDICT FOR THE PRISONER

Philadelphia, April 23.—Once more the doors of the asylum swing open for Harry K. Thaw.

After a period of seven years incarceration in a Philadelphia madhouse, Thaw has been adjudged sane by a jury of his peers and probably soon will be freed.

The jury that heard the six day trial of his petition for release from Kirkbride asylum, was out for nearly seven hours late Tuesday before they returned with their verdict for the millionaire plaintiff.

Notice of motion of appeal for a new trial was immediately given by parties opposing freedom for Thaw, and this technicality will slightly delay complete freedom for Harry.

### 2 ARMED BANDITS STEAL \$2,000 CASH AND AN AUTOMOBILE

St. Paul, April 23—Two armed bandits obtained about \$2,000 and an automobile in a downtown hold-up today. The bandits, not having a car of their own, kidnapped Stanley A. Gadacz's, collector for Crescent Creamery Company, took the money he was carrying to the bank, drove to Irvine Park and threw him out of the car. Several persons witnessed the holdup. Police gun squads were on the trail of the bandits within a few minutes.

### NO REST—NO PEACE

There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. Brainerd people recommend Doan's Pills. Ask your neighbors. Be guided by their experience.

Carl Sorman, 709 S. Broadway, Brainerd, says: "My back troubled me because my kidneys were disordered and I surely was in misery. My back pained continually and I couldn't rest at night. Mornings I was stiff and sore and had to roll out of bed. I couldn't stoop without getting a knife-like jab in my kidneys and I surely was in pain. I didn't dare to pick up anything as it seemed my back would break, it was so stiff. My kidneys acted too frequently and caused me annoyance. I bought a supply of Doan's Pills at Skaugs's Drug Co. and they fixed me up in fine shape."

## WEDDING CEREMONY NEEDS REVISION

METHODIST MINISTER SAYS IT CARRIES MANY NEEDLESS PHRASES

(By United Press)  
Chicago, April 23.—That well known wedding ceremony promise to endow one's bride with one's worldly goods, sounds all right, but doesn't mean anything, Reverend Frank D. Sheets, Methodist minister holds, and he wants the phrase dropped from the ritual.

Reverend Sheets told a ministers' meeting that the phrase was empty and he explained to the United Press as follows:

"The promise, 'with all my world goods I thee endow' has become a practice. Of course, the bridegroom promises it because he will promise anything, but a bridegroom who couldn't even pay the minister fifteen cents for the ceremony even if the minister expected it, shouldn't promise to endow the bride with anything, for in this day so many take the marriage vows lightly and endow the brides with nothing but misery."

"What's the use of having the ceremony all cluttered up with meaningless phrases? Everything in the ceremony should mean something."

### HIBBING ROTARIANS TO BE GIVEN BANQUET

Hibbing, April 23.—The Winona Rotary club will give a banquet to the Hibbing Rotarians, as a result of losing a membership contest. The affair will be staged either at Brainerd or St. Cloud.

### To Broadcast King's Speech Opening Empire Exhibition

(By United Press)  
London, April 22.—Britain's great \$100,000,000 "empire-building" exhibition will be officially opened tomorrow by King George—appropriately enough on St. George's Day, the feast of England's patron saint.

For the benefit of those unable to attend the opening ceremony, King George's speech will be broadcast by wireless—the first time the British monarch has been broadcast.

Elaborate ceremonial will mark

the opening, and the general public admitted at the scheduled price of one shilling and sixpence will be strictly marshalled to conform with the occasion. Wembley Park being some eight miles from Buckingham Palace, the royal party will motor the greater part of the distance, changing into state carriages drawn by four horses about a quarter of a mile from the exhibition.

The king is immensely interested in the arrangements for broadcasting for, although a wireless fan, this

was the first time, he has been induced to speak for "distribution"—due mainly to obsolete court etiquette, which has always required the sovereign's words to be conveyed strictly and literally by 'word of mouth' (and hearing).

The royal party will also witness a section of the "Pageant of Empire," depicting the history of the British race and the growth of the empire, and make hasty tour of the exhibition.

## 108 CHILDREN IN GARDEN CONTEST

Northeast Brainerd Improvement League Sponsoring the Civic Contest

### THE RULES GOVERNING SAME

Seeds Must Be Furnished by Contestants Themselves, Plots to be 10 by 20 Feet

One hundred and eight children are already registered in the gardening contest being sponsored by the Northeast Brainerd Improvement League for the boys and girls of that section of the city.

The garden committee of the League made an interesting report at the regular meeting of that organization on Tuesday evening, and rules were definitely decided upon for the contest.

The closing date for registrations was set at April 30th. Children may register at the Lowell or Garfield schools, or with Mrs. J. H. Herbert, 412 Third avenue. All children peas, verbenas and a bouquet of mixed flowers.

Each contestant will be required to care for a plot 10 feet by 20 feet, or its equivalent. If a vegetable garden is to be raised, potatoes, onions and tomatoes must be grown. If a flower garden is selected, the varieties to be exhibited are sweet pas, verbenas and a bouquet of mixed flowers.

Seeds must be furnished by the contestants themselves, and all the care of the gardens must be done by them. Committees from the League will inspect the plots at intervals during the season, planning to keep in close touch with each contestant.

Prizes will be awarded both for vegetable and flower gardens, three awards for each. The first prize being \$3, the second \$2, and the third \$1.

It is planned to hold the exhibition of the gardening results at Lum park a day or two, before the annual county fair, the latter part of August. There will be band concerts and other forms of entertainment, and the prizes will be awarded at that time. Disinterested judges will decide upon the winners.

A number of other matters were brought up at Tuesday evening's meeting of the League, and were disposed of in short order, the meeting adjourning at 9:40 o'clock.

### NEW COOK PROVED EXPENSIVE ONE

St. Paul, April 22—Gus Daltas, proprietor, Empress cafe, 489 Wabasha st., hired a cook Saturday and now wishes he hadn't.

At 4 a. m. yesterday Patrolman Cornelius Enright noticed that although the lights were on, the cafe seemed deserted. He went in, looked around, could find no one, and waited a while for someone to appear.

No one did, so he called central station and officers there got in touch with Mr. Daltas.

He arrived at the cafe a little later to find that not only the cook, but \$275 in cash, two watches, a diamond ring valued at \$200, a ruby stickpin, a \$5 gold piece and a \$2.50 gold piece were missing.

### SUMMER SESSIONS AT U. OF M. OPEN JUNE 24 AND AUG. 1

Minneapolis, April 21—The University of Minnesota will open 10 colleges for its two annual summer sessions June 24 to July 31 and August 1 to September 5. F. J. Kelly, dean of administration and summer session director, has announced. Registration of between 4,000 and 5,000 students is expected for the combined sessions.

Courses will be offered in the College of Science, Literature and the Arts, in Physical Education and Athletics, College of Engineering and Architecture, Law School, Medical School, College of Dentistry, School of Chemistry, College of Education and the School of Business.

Visiting instructors from colleges and universities in many parts of the United States will add breadth to the point of view during the summer sessions and provide a variety of contacts that will be helpful to the students, Dean Kelly declared.

The usual recreative features, including music recitals, visiting theatrical companies, lectures, and trips to many points of interest will be carried on under the direction of Prof. Irving W. Jones of Beloit, who will return to Minnesota for the third season as associate director in charge of recreation.

During the summer sessions all facilities at University Farm are

### LIGNITE COAL RATE HEARINGS RESUMED

Bismarck, N. D., April 21—Further hearing on the railroad application for general increases in all freight rates on lignite coal were resumed here today. The hearing is a joint state and interstate hearing before President Frank Milholland and Commissioners Fay Harding of the North Dakota Railroad commission and Examiner W. H. Wagner of the Interstate commerce commission.

The hearing is public and is expected to last the greater part of the week.

Representatives from commercial clubs of several cities in the state will protest against the raise in rates as well as representatives of the coal operators.

The operators hold that the companies are now getting a fair rate and that an increase will kill the lignite industry in North Dakota.

On November 3, 1923, the railroads filed with the state commission and interstate commerce commission a new tariff to become effective Dec. 6, 1923, increasing all freight rates on lignite approximately 60 per cent. The tariff was immediately suspended by the state commission on state traffic and upon petition to the interstate commerce commission filed by the state commission the rates were suspended on interstate traffic.

The proposed increases are now under suspension until a full investigation of their reasonableness has been made.

The jury that heard the six day trial of his petition for release from Kirkbrides asylum, was out for nearly seven hours late Tuesday before they returned with their verdict for the millionaire plaintiff.

Notice of motion of appeal for a new trial was immediately given by parties opposing freedom for Thaw, and this technicality will slightly delay complete freedom for Harry.

After a period of seven years incarceration in a Philadelphia madhouse, Thaw has been adjudged sane by a jury of his peers and probably soon will be freed.

### 2 ARMED BANDITS STEAL \$2,000 CASH AND AN AUTOMOBILE

St. Paul, April 23—Two armed bandits obtained about \$2,000 and an automobile in a downtown hold-up today. The bandits, not having a car of their own, kidnapped Stanley A. Gadaez's, collector for Crescent Creamery Company, took the money he was carrying to the bank, drove to Irvine Park and threw him out of the car. Several persons witnessed the holdup. Police gun squads were on the trail of the bandits within a few minutes.

### NO REST—NO PEACE

There's no peace and little rest for the one who suffers from a bad back, and distressing urinary disorders. Brainerd people recommend Doan's Pills. Ask your neighbors. Be guided by their experience.

Carl Sorman, 709 S. Broadway, Brainerd, says: "My back troubled me because my kidneys were disordered and I surely was in misery. My back pained continually and I couldn't rest at night. Mornings I was stiff and sore and had to roll out of bed. I couldn't stoop without getting a knife-like jab in my kidneys and I surely was in pain. I didn't dare to pick up anything as it seemed my back would break, it was so stiff. My kidneys acted too frequently and caused me annoyance. I bought a supply of Doan's Pills at Skauge's Drug Co. and they fixed me up in fine shape."

## WEDDING CEREMONY NEEDS REVISION

METHODIST MINISTER SAYS IT CARRIES MANY NEEDLESS PHRASES

(By United Press)  
Chicago, April 23—That well known wedding ceremony promise to endow one's bride with one's worldly goods, sounds all right, but doesn't mean anything, Reverend Frank D. Sheets, Methodist minister holds, and he wants the phrase dropped from the ritual.

Reverend Sheets told a ministers' meeting that the phrase was empty and he explained to the United Press as follows:

"The promise, 'with all my world goods I thee endow' has become a practice. Of course, the bridegroom promises it because he will promise anything, but a bridegroom who couldn't even pay the minister fifteen cents for the ceremony even if the minister expected it, shouldn't promise to endow the bride with anything, for in this day so many take the marriage vows lightly and endow the brides with nothing but misery."

"What's the use of having the ceremony all cluttered up with meaningless phrases? Everything in the ceremony should mean something."

### HIBBING ROTARIANS TO BE GIVEN BANQUET

Hibbing, April 23—The Winona Rotary club will give a banquet to the Hibbing Rotarians, as a result of losing a membership contest. The affair will be staged either at Brainerd or St. Cloud.

### To Broadcast King's Speech Opening Empire Exhibition

(By United Press)  
London, April 22.—Britain's great \$100,000,000 "empire-boosting" exhibition will be officially opened tomorrow by King George—appropriately enough on St. George's Day, the feast of England's patron saint.

For the benefit of those unable to attend the opening ceremony, King George's speech will be broadcasted by wireless—the first time the British monarch has been broadcasted. Elaborate ceremonial will mark

the opening, and the general public admitted at the scheduled price of one shilling and sixpence will be strictly marshalled to conform with the occasion. Wembley Park being some eight miles from Buckingham Palace, the royal party will motor the greater part of the distance, changing into state carriages drawn by four horses about a quarter of a mile from the exhibition.

The king is immensely interested in the arrangements for broadcasting for, although a wireless fan, this

was the first time he has been induced to speak for "distribution"—due mainly to obsolete court etiquette, which has always required the sovereign's words to be conveyed strictly and literally by 'word of mouth' (and hearing).

The royal party will also witness a section of the "Pageant of Empire," depicting the history of the British race and the growth of the empire, and make hasty tour of the exhibition.

## MORE FIRE FIGHTING APPARATUS NEEDED

Opinion of Arthur M. O'Dea, Deputy State Marshal, Investigating Recent Fire

CONFERS WITH MAYOR, COUNCIL

Suggested Another Fire Truck, Equipped With Pump, Chemicals and Hose

Braierd needs more adequate fire-fighting equipment, in the opinion of Arthur M. O'Dea, deputy state fire marshal, who was in the city on Tuesday investigating the Imperial block fire of last Saturday. Mr. O'Dea met the mayor and members of the city council and went over with them the matter of fire protection and made a number of suggestions for improving the conditions in Braierd.

He suggested another fire truck, preferably larger than the one now in use, stating that the additional truck should be equipped with a pump as well as chemicals and hose. Such a pump could be attached to any hydrant and would supply two or three hose lines with as heavy a stream as the present system gives. Such a piece of equipment would be in the nature of an auxiliary apparatus for large fires, like the one on last Saturday. In the opinion of the deputy fire marshal it is needed for the down-town district, where such destructive fires are possible at any time.

Mr. O'Dea further recommended a rigid system of building inspection, by an officer with proper authority, who would make regular surveys of the business buildings and strictly enforce the laws regarding fire menaces.

"The fire menace is the greatest danger we have," said the deputy marshal. "Statistics show that it is a greater menace than any epidemic of sickness, and therefore should at least have the same rigid law enforcement that health ordinances have, which in the majority of cases is not true. Until more attention is given to this important matter, our fires will continue."

A careful survey of the Imperial block fire was made by Mr. O'Dea, who stated that he was satisfied that the origin of the big blaze was either from defective wiring or perhaps from someone who went into the basement and carelessly threw away a lighted cigar or cigarette stub.

The deputy fire marshal said that he was quite sure that the fire was not caused by a basement in bad condition, since the local fire chief had inspected the premises the night before the fire, and had found the basement cleaned up nicely and improvements made that had been previously recommended. Neither was the blaze from incendiary origin, in the marshal's opinion, a conclusion which is popular after every large fire.

Mr. O'Dea stated that he would be

glad to confer with local officials and give any assistance possible in working out a fire inspection plan for Braierd and in going into the matter of adequate fire-fighting apparatus.

The deputy is stationed at Duluth, and has charge of Northern Minnesota territory. He has been in close touch with local conditions, has visited Braierd a number of times, and feels that he is familiar with the needs of the city from a fire prevention standpoint.

### DISTRICT COURT

OPENS MAY 6TH

Judge C. W. Stanton of Bemidji on Bench, Lee LaBaw Court Reporter

PROBABLY NO GRAND JURY

51 Applicants For Citizenship to be Given an Impressive Reception

The May term of the district court will open in Braierd on Tuesday May 6th, with Judge C. W. Stanton, of Bemidji on the bench, and Court Reporter Lee A. LaBaw.

From all indications a grand jury will not be necessary at this term of court, thus saving the county a great deal of expense. There were no grand jury cases in the May term last year, the first time that such a condition has arisen in the county. It is stated, and is due to the fact that a new law allows the arraignment of defendants in state cases on information filed with the clerk of the district court.

On Wednesday the usual naturalization program will be held, there being fifty-one applicants for citizenship, one of the largest classes that has been examined in this court. Many of these have attended the evening schools of Braierd, Crosby and Ironton, and should have little difficulty in passing the examination required for their final papers.

It is planned to give the newly-made citizens the impressive reception that such an occasion warrants. It is planned to have several civic organizations participate in a fitting program, including the Elks, Boy Scouts, American Legion and Lions club. Refreshments will be served, according to plans now being made.

On Thursday, May 8th, the regular calendar will be taken up. This calendar will not be completed for some time, but the clerk of the district court states that this will be a much shorter term than the one held here last November. There are a number of cases bound over from the municipal courts, as well as appeals and continued cases.

## JUNIORS TO HAVE CARNIVAL

Braierd High School to be Scene of Glittering Assembly of Attractions

SEVEN PIECE ORCHESTRA PLAYS

Talented Musicians, "Junior Melody Makers" Under Direction of Wm. Opsahl

(Contributed)

Um tidy um tum, tidy um tee Ricketty, Rocketty, who are we? Fegit, wagt, how we roar.

We're the Junior carnival corps! All the "racket and noise" made by the "little fishes, stately old men and women, gay vaudeville lassies, chorus boys" etc., while rehearsing for their various parts, have caused many a soul to be thankful that they can at least "help" in a booth and thereby do their bit for the Juniors so that their carnival will be a real success.

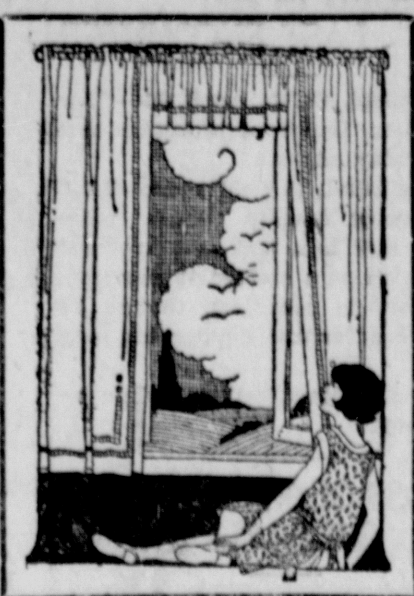

Listen to what "Wally" Engstrom, son of basket-ball fame and vice-president of the class has to say concerning it. "After seeing the enthusiasm of the participants and the attitude of the school in general towards it, I have great hopes that this, the first carnival to be given in the B. H. S. will be a success from every point of view, especially financially and we can have every reason to believe that at the end of the year the Seniors will be doubly grateful to the Juniors for the strenuous efforts that were expended in their behalf."

(Kids! here's a secret—Wally is going to have a booth all to himself and if you've watched him "throw the baskets through the hoop" you'll certainly want to buy something from him).

Another thing that produces a great deal of "racket" though of a more melodious quality, is the special seven piece orchestra, composed of talented musicians most of whom also belong to other musical organizations. Under the efficient management of "Bill" Opsahl and under the name of the "Junior Melody Makers" they have spread their fame far and wide by already playing for several large audiences.

Come and appreciate their music Saturday night, April 26th.

On Friday evening at 8 o'clock the young people of the First Baptist Bible school will give a program of story and song entitled "Whiter Than Snow."

Mrs. Henry Graham will read the story and the young people are to sing some splendid songs, which they have been rehearsing for some time.

Mrs. R. E. Cody will sing a solo. A free will offering will be taken for the school. This is a very pleasing service and you will want to hear it. The chorus consists of thirty young men and women, of the Bible school.

## JUNIORS TO HAVE CARNIVAL

Braierd High School to be Scene of Glittering Assembly of Attractions

### SEVEN PIECE ORCHESTRA PLAYS

Talented Musicians, "Junior Melody Makers" Under Direction of Wm. Opsahl (Contributed)

Um tidy um tum, tidy um tee Rickety, Rockety, who are we? Fegi, wegi, how we roar, We're the Junior carnival corps!

All the "racket and noise" made by the "little fishes, stately old men and women, gay vaudeville lassies, chorus boys" etc., while rehearsing for their various parts, have caused many a soul to be thankful that they can at least "help" in a booth and thereby do their bit for the Juniors so that their carnival will be a real success.

Listen to what "Wally" Engbretson of basket-ball fame and vice-president of the class has to say concerning it. "After seeing the enthusiasm of the participants and the attitude of the school in general towards it, I have great hopes that this, the first carnival to be given in the B. H. S., will be a success from every point of view, especially financially and we can have every reason to believe that at the end of the year the Seniors will be doubly grateful to the Juniors for the strenuous efforts that were expended in their behalf."

(Kids! here's a secret—Wally is going to have a booth all to himself and if you've watched him "throw the baskets through the loop" you'll certainly want to buy something from him).

Another thing that produces a great deal of "racket" though of a more melodious quality, is the special seven piece orchestra, composed of talented musicians most of whom also belong to other musical organizations. Under the efficient management of "Bill" Opsahl and under the name of the "Junior Melody Makers" they have spread their fame far and wide by already playing for several large audiences.

Come and appreciate their music Saturday night, April 26th.

## MAJORS MADE MONEY ON SPRING TRAINING

By HENRY L. FARRELL  
United Press Sports Editor

New York, April 23.—Support of the major league exhibition games was so generous in the south this spring that the magnates, finding such business, may be wondering, "how long has this been going on?"

The idea of arranging a few games during the training season between clubs situated in the same locality was prompted by the desire to help pay the expenses of getting old soup bones warm and in finding out how many of the scouts were wrong in picking phenoms from the minors.

The opportunity of seeing some of the big league stars in the flesh right in their own backyard proved so attractive to the customers in the southern and middle-western town that the magnates found they could not only get in the clear on their training camp expenses, but that they had the opportunity of making money by parading their athletes in unofficial combat.

Recently in this column it was suggested that the success of the haphazard venture into new fields would result in an organized effort to make a big thing out of spring baseball and might eventually reach a stage where the regular championship schedule would be opened in the south and played on an itinerant schedule until the weather was settled sufficiently to open the parks of the regular major league schedules.

John A. Heydler, president of the National League, commenting on the subject a few days ago, said it was possible that the regular season might be extended at some time in the future to provide for regular games in the south, but that it was improbable.

He suggested, however, that the major league club owners were certain to organize a better schedule of southern games next spring and to make more serious efforts to give the southern fans a real major league baseball. It is possible, he said, that the major league club owners may get together next winter and draw up a real schedule for the spring games.

It is Mr. Heydler's idea that a real schedule can be arranged, because so many permanent training camps are being established by the magnates in Florida and for the reason that these camps are being pitched in groups where traveling expenses can be reduced to a minimum.

The idea that some of the smaller southern cities might become fed up on exhibition baseball was not borne out this year, when, in several instances, the same cities were visited by three and four "sets" of touring teams. The games all drew generous support.

## BASE HIT BEST WEAPON TO WIN, SAYS BAMBINO

Babe Ruth is inclined to believe that all the talk about a revival of base running is the bunk.

"The pennant in the two major leagues this year is going to be won by the club that can make base hits in the old pinch rather than stealing, second more often than the opposition."

"Speed is a desirable asset in a ball player, but not so much merely to steal bases as to take advantage of the opportunities that are offered in the field as well as on the bases."

"With the lively ball still in use, few ball games are going to be decided by a one-run margin. Stealing second base is a one-run system."

"The pitching in both major leagues must get much tighter before base running becomes a big factor in deciding ball games."

## RECORDS TO FALL AT PENN RELAYS

(By United Press)  
Philadelphia, April 21.—Two hundred high school track teams, representing schools from every part of the United States and one from Canada, will compete here April 25 and 26 in the University of Pennsylvania Relay Carnival.

This entry list is the largest in the history of the Penn track classic and indicates the growing place of importance which the annual meet here is assuming. The track teams will represent approximately the pick of 5,000 boys and they are expected to put up a classy performance when they get on the Pennsylvania cinder track.

Last year the times set by the high school flyers were extremely fast, and it is indicated by university track men here that this year's times will be even faster. Last year, the average time in the relays for the high school teams was 3 minutes 40 seconds for the mile. Two years ago only a few of the schools made as fast time as this so that the advance in quality has kept pace with the advance in numbers.

This year there will be a number of exceptionally fast boys on the high school teams. Austin, of Somerville High of New Jersey, has run the half mile in 1:53 3-5. Clausen and O'Neill, of Exeter, have both beaten 1:57 for the distance, as has Kelly, of Mercersburg. Reed, of Mercersburg, has done the quarter in 50 seconds, and there are outstanding boys coming from various high schools throughout the west.

This year's meet is expected to be the best in the history of the Penn Relays.

## TO TOSS OLDEST BASEBALL KNOWN

Waterloo, Ia., April 22.—The oldest known baseball will be the first to be tossed over the plate when Waterloo opens the season with Cedar Rapids here May 1.

The ball was given John C. Hartman, editor of the Waterloo Courier, by his school teacher, Miss Martha Virden, in this city in 1872. It was made after the requirements of 1854, weighs six ounces, and is three inches in diameter.

## RETI, BLINDFOLDED, PLAYS 15 AT CHESS

New York, April 22.—An unusual exhibition of chess playing was given here, when Richard Reti, winner of fifth place in the international chess tourney, played 15 men blindfolded.

Reti won seven games, lost four and drew four.

Reti was awarded first prize for brilliancy in the recent international tournament.

Dr. Savielly Tartakower, Austrian expert, tried a similar stunt against ten opponents, and won six and lost four.

## STOP RHEUMATISM WITH RED PEPPERS

When you are suffering with rheumatism so you can hardly get around just try Red Pepper Rub and you will have the quickest relief known.

Nothing has such concentrated, penetrating heat as red peppers. Instant relief. Just as soon as you apply Red Pepper Rub you feel the tingling heat. In three minutes it warms the sore spot through and through. Frees the blood circulation, breaks up the congestion—and the old rheumatism torture is gone.

Rowles Red Pepper Rub, made from red peppers, costs little at any drug store. Get a jar at once. Use it for lumbago, neuritis, backache, stiff neck, sore muscles, colds in chest. Almost instant relief awaits you. Be sure to get the genuine, with the name Rowles on each package.—Adv.

## Such popularity must be deserved

POPULARITY isn't luck. How well the big stars of baseball know this.

And in merchandising as in baseball, big success is scored only by deserving it. A product, too, must "deliver the goods."

Everywhere men are turning by thousands from other cigarettes to Chesterfield. For a reason!

Chesterfield has given smokers convincing proof of finer quality—for here's the quality you can taste!
